

*“I now believe in a God who can do a work in towns of hundreds and still reach thousands. I also believe that the lessons we are learning out here in the rurals could be oxygen and nitro in the burbs and urbs - fuel that could explode in more heavily populated areas - if only someone would provide the spark.”*

*Shannon O'Dell*

*“Healthy growing pastors lead to growing and effective congregations which, in turn, results in the transformation of lives and communities. The church is God’s primary means of fulfilling the Kingdom mission of making disciples of all peoples. It is clearly the Biblical mandate and model. The unstoppable Church described by Jesus in Matthew 16:18 exists and is expressed in the local congregation. That is where we must have strong, spiritually effective leadership and health.”*

*Dr. Willie Nolte*

# Transforming the Church: Transforming the World

September 26 Noon thru September 28 Breakfast

**Considered by many to be the most effective meeting of the ABC-NW.** Leadership Tune-Up is an annual, all Region event for pastors, their spouses, church staff and leaders. Since leadership is key to church health this conference seeks to resource all who have leadership roles to reflect its scope and purpose: a tune-up for leaders, all church leaders. Bring your whole staff and leadership board for training and team-building. It's also an important event for connecting pastors and churches across the entire ABCNW.

## The life-changing power of Jesus Christ is transformative.

It's true for individuals; it's true for the church. Some churches have stopped growing, no longer initiating relevant ministries, their spiritual zeal has waned and decline has set in. These churches are in need of transformation. Other churches are catching the new wave where the Holy Spirit is leading the Body of Christ. These churches have a deep love for Jesus and His mission. They are reaching out to their community through missional initiatives. People are being captured by the Gospel. Baptisms are up. Disciples are maturing. These are churches trekking on a transformational journey, and it's exciting what God is doing. **The church, whether healthy or ill, is constantly in need of renewal & transformation.** This year's conference will inspire, teach and concentrate on the subject of church transformation. Bring your team, your spouse, or just yourself and let's learn together.

**ABC-NW endeavors to keep the cost as reasonable as possible.** The Region passes along Ross Point's costs. A small amount is added for the program, and the remainder is underwritten through mission dollars given by churches and donors to the Region. Starts with lunch at noon on Monday Sept. 26 and ends with breakfast on Wednesday Sept. 28.
